* For year ended 30th September. † This Hospital is not subsidised by the Government. ‡ Information not supplied. § Figures for previous year. ‖ Includes 5 beds on verandahs. ¶ Female. ¶¶ Includes 1 female.

PUBLIC HOSPITALS.—Hospitals subsidised by the Government are subject to the Public Hospitals Act. This Act defines the procedure in the election and appointment of officers, and in all matters relating to hospital property.

PRIVATE HOSPITALS.—With the exception of the Thomas Walker Convalescent Hospital—a privately endowed institution—returns have not been collected from those hospitals owned or entirely supported by private persons. The Private Hospitals Act, 1908, passed in December, 1908, provides for the regulation and inspection of private hospitals. A register of hospital and midwifery nurses is kept, and private hospitals may be instituted only under the authority of a license granted by the Board of Health. Up to the month of October, 1910, there were 366 licenses issued for private hospitals.

The Hospital Saturday Fund of N.S.W.—This Association is registered under the Companies Act. It is managed by a Board of thirty members and eight honorary officers, all of whom are elected annually. Indoor collections at places of business, household collections by means of boxes, and an annual outdoor collection are made by honorary collectors for this fund. The money obtained is distributed amongst certain hospitals and auxiliary medical charities, and is included in the revenue returns of these institutions. The great outdoor collection throughout Sydney and Suburbs is made each year on the first Saturday in May, which is known conventionally as "Hospital Saturday."

NOTE.—The records of the Government Hospital Admission Depôt do not distinguish persons who were granted orders from those to whom orders were refused. It frequently happens that applicants who have been refused Hospital Admission Orders receive recommendations to homes and institutions not under State management.

No. 20.—Hospitals for the Insane—Causes of Insanity—Comparative Table.

Note.—These "Causes" are taken from the statements in the papers received with the Patients on admission, and are verified or corrected as far as possible by the Medical Officers. The "predisposing" and "exciting" causes are both enumerated in all cases where the predominating causes could not be distinguished, so that the aggregate of the totals for each of these years exceeds the total number of patients yearly admitted.

United Charities Fund.—This Fund is administered by a General Committee composed of delegates of the Associated Charities within Sydney and Suburbs, except the medical charities coming within the scope of the Hospital Saturday Fund. Participating institutions must have been in existence for two years, must publish annual reports and balance-sheets, and supply all information desired by the Council. An annual collection is made throughout the Metropolis, and the money is allotted to the charities by the General Council of the Fund. These amounts are included as revenue of the institutions shown in previous tables.

NOTE.—At the first Election, six Senators were elected for New South Wales. The term of service of a Senator is six years, but, in accordance with the Constitution Act, the places of half of the number of Senators became vacant at the end of 1903—three years from the inception of the Commonwealth. At the end of every triennium an election is held to fill the three vacancies then occurring by effluxion of time.

No. 6.—State Parliament Election, 1910.—Electors and Voting.

[The Election of Members to serve in the Legislative Assembly of New South Wales took place on the 14th October 1910. Second Ballots were held at St. Leonards, on 21st October; at Hastings and Macleay, and at Durham, on 31st October.]

The Parliamentary Elections (Second Ballot) Act, 1910, provides that for election a candidate must receive an absolute majority. Where this does not take place, a second ballot must be taken between the two candidates polling the highest number of votes. For results of Second Ballots, see end of table.

Constitution Act.—The "Constitution Act, 1902," consolidates the Acts relating to the Constitution. The Legislature, subject to the provisions of the Commonwealth of Australia Constitution Act, has power to make laws for the peace, welfare, and good government of New South Wales, provided that all Bills for appropriating any part of the public revenue, or for imposing any new rate, tax or impost, shall originate in the Legislative Assembly.

Legislative Council.—A maximum number of members of the Legislative Council is not fixed by the Constitution Act. In December, 1910, the number of members was fifty-three. Members receive no allowance for expenses, but travel free over the Government railways and tramways in the State. Although the appointment is for life, a member forfeits his seat if absent from two successive Sessions without leave, if subject of a foreign power or convicted of a crime, on becoming a public contractor or bankrupt, and he may resign at any time. The President of the Legislative Council receives a salary of £750 per annum, and the Chairman of Committees £470 per annum.

Legislative Assembly.—New South Wales is divided into ninety electorates, each of which is represented by one member in the Legislative Assembly. The Legislative Assembly continues for three years from the day of the return of the writs of election unless dissolved by the Governor. Each member (except when holding an office of profit under the Crown as a Minister, Speaker, or Chairman of Committees) is entitled to receive the sum of £300 per annum by way of reimbursement for expenses incurred in the discharge of Parliamentary duties. Members travel free over the Government railways and tramways in the State, and are provided with official stamped envelopes for the free transmission of correspondence through the post. The seat of a member becomes vacant if the member be absent without permission for a whole session of the legislature, becomes bankrupt, a subject of a foreign power, or convicted of a crime. The Speaker of the Legislative Assembly receives a salary of £1,000 per annum, and the Chairman of Committees £740 per annum.

Executive Council.—The Executive Council consists of the Governor and of the members of the Cabinet.

* Unrecorded. † For Parliaments prior to the 16th, the figures represent Voters on the Roll, irrespective of the number of distinct electors; for the 16th and succeeding Parliaments, the figures in this column represent Electors upon the Roll, each Elector having one vote only.
‡ Includes Second Ballot figures.

General Election, 1910.—For information regarding Electors and Votes recorded in each Electorate, see Table No. 6.

NOTE.—Every adult, being a natural-born or naturalised subject above the age of 21 years, who is of sound mind, and not on full pay in the Military or Naval Service, nor in receipt of public charity, is entitled to vote, provided that he if a natural-born subject, has resided, or has had his principal place of abode, in New South Wales for a continuous period of one year; or, if a naturalised subject, for a like period after naturalisation—and residence for three months in the district for which he claims to vote. Provision is made for change of residence. The franchise was extended to women during the year 1902, and women first voted in the year 1904 at the General Election for the 20th Parliament.

* Drill ship for Victoria and South Australia. † Drill ship for New Zealand. ‡ Drill ship for New South Wales, Queensland, and Tasmania.

NOTE.—Sydney is the headquarters of the fleet, and ranks as a first-class naval station.

Naval Agreement (*Commonwealth*) *Act*, 1903.—This Act provides that the Naval Force on the Australian Station shall consist of not less than 1 armoured cruiser, 1st-class, 2 2nd-class cruisers, 4 3rd-class cruisers, 4 sloops, and of a Royal Naval Reserve of 25 officers and 700 seamen and stokers. This force is connected immediately with the ports of Australia and New Zealand, but the sphere of operations extends to the waters of the Australia, China, and East Indies Stations. One ship is kept in reserve and three others partly manned are used as drill ships for training the Royal Naval Reserve, the remainder being kept in commission fully manned. The drill ships and one other vessel are manned by Australians and New Zealanders paid at special rates, and are controlled by officers of the Royal Navy and Royal Naval Reserve. Eight nominations for naval cadetships are available annually to the Commonwealth and two to New Zealand. The naval agreement is for ten years, a yearly charge of £200,000 being paid to the Imperial Government by the Commonwealth, and £40,000 by New Zealand.

Australian Navy.—Two of the six torpedo-boat destroyers, to form part of the Australian Navy, recently arrived in Australia from England, viz., the "Parramatta" and the "Yarra." A third, the "Warrego," is being put together at the Government Dockyard, Sydney. The displacement of this class is 700 tons; draught, 15 feet; length, 245 feet; beam, 44 feet 6 inches; horse-power, 13,000; and speed, 26 knots designed, and 27 knots in trial.

No. 16.—The Royal Naval House.

The Royal Naval House was erected in Sydney exclusively for the accommodation of the men of the British Navy. It was built in 1889, at a total cost, inclusive of land, of £25,000, contributed by citizens and by the Government of New South Wales. A new wing was added in 1908 at a cost of £8,600. The House contains large reading, smoking, dining, and billiard rooms, besides a gymnasium, and other accessories. Sleeping accommodation is available for 400 men. The institution is self-supporting, but annual grants from the Lords Commissioners of the Admiralty and from the Government of New South Wales are devoted to maintaining the House during the absence of the Squadron from Sydney. About 50,000 men are lodged annually, and the House is used by the men of the fleet very freely.

It is the only establishment of its kind in Australasia, and is controlled by a Superintendent, a Committee elected by the Trustees from among their number, and a few Naval Officers, also an Honorary Secretary and Treasurer.

Sydney Harbour—Fire-fighting Appliances.—For the purpose of dealing with ship fires the Sydney Harbour Trust use the steamer "Pluvius," which is fitted with a compound tandem surface condensing fire engine capable of throwing 2,500 gallons of water a minute. The pump is fitted for six hoses 2½ inches in diameter and one hose 3½ inches in diameter. The steam scow "Powerful" is fitted with a fire-pump capable of delivering water from four lines of 2½-inch hose. Both of these vessels are kept in readiness for any emergency. The Sydney Harbour Trust Fire Brigade is maintained at Goat Island.

Alarm Telephones.—Telephones connected with the fire stations are placed in fire-alarm boxes in the important localities of the city and suburbs. The various police stations are also in communication, and public offices, hotels, wharves, business firms, and private houses, connected with the General Post Office Exchange, may transmit calls for fires at any time.

"National" Parks.—The National Park, 33,719 acres, at Port Hacking; Kurnell, Captain Cook's landing-place on southern headland of Botany Bay, 248 acres; Kuring-gai Chase, 35,300 acres, on the Hawkesbury River; Parramatta Park, 252 acres, at Parramatta, are outside the metropolitan area, but may be specially mentioned on account of their "national" character. The Centennial Park, 745 acres, divided between the City of Sydney and the Municipalities of Randwick and Waverley; as also Moore Park, 380 acres, The Domain, 90 acres, and the Botanic Gardens and Garden Palace grounds, 60 acres, situate in the City of Sydney, may also be designated "national" parks.

Trustees of Parks.—Under the Public Parks Act the Governor may appoint Trustees of any lands proclaimed for the purposes of public recreation, convenience, health, or enjoyment. The Trustees are empowered to frame by-laws for the protection of shrubs, trees, &c., upon the land vested in them, and to regulate the use and enjoyment of such land by the public.

Judges of Supreme Court.—There are seven Judges attached to the Supreme Court—the Chief Justice, and the six Puisne Judges. The Chief Justice and three Puisne Judges devote attention chiefly to Common Law and criminal cases, the other Judges to Equity, to Bankruptcy and Probate, and to Divorce and Matrimonial Causes.

Terms.—There are four Terms during each year, the periods of which are fixed by the Judges, who also decide the duration of Vacations and the dates for holding Circuits.

Vice-Admiralty Court.—The Supreme Court has no jurisdiction in this Court. See Table No. 58.

Probate and Administration.—By the Wills, Probate and Administration Act of 1898, the jurisdiction previously vested in the Primary Judge in Equity is transferred to the Supreme Court in its Probate Jurisdiction, and to such Judge as may be appointed Probate Judge. The duties of the Prothonotary and Ecclesiastical Clerk are now performed by the Registrar of Probates.

Gross and Net Value of Estates.—The figures from the Probate Court and Stamp Duties Department (see Part "Public Finance") relating to transactions in the estates of deceased persons do not agree. The Court gives the gross value of the estates, and includes those estates which, after investigation, are found not to be subject to duty. The number of petitions is also swollen by probates and letters of administration on some estates being taken out a second time. The amount given by the Stamp Duties Department represents the net value of the estates.

Estates—Formal matters.—Under the Administration Amending Act of 1906 the granting of all probates and letters of administration, where no contention has arisen, is now delegated to the Registrar of Probates.

Small Estates—Value £300 and under.—In pursuance of the provisions of the "Wills, Probate and Administration Act of 1898," probate and letters of administration may be granted by the Registrar without the intervention of a solicitor in estates sworn not to exceed £300.

Intestate Estates.—The Registrar of Probates is also Curator of Intestate Estates. He is empowered to apply for an order to administer the estate of any deceased person leaving real and personal estate who has died intestate, and who leaves no widow nor next of kin resident within the jurisdiction of the Court; also, when any person has died testate and appointed the Curator as executor, or leaving no executor, or no executor willing and capable of acting in execution of his will, and in a few other instances.

Prior to the passing of the Matrimonial Causes Act of 1873, the Supreme Court of New South Wales had no jurisdiction in divorce. Under that Act the chief grounds for divorce were adultery since marriage on the part of the wife, and adultery and cruelty on the part of the husband. The present Act was passed in 1892, and during 1893 there was an amending Act passed. Under these Acts petitions for divorce can be granted for the following causes, in addition to those already mentioned :—

Husband v. Wife.—Desertion, or habitual drunkenness and neglect of domestic duties for three years; refusal to obey an order for restitution of conjugal rights; imprisonment for three years and upwards; attempt to murder or inflict grievous bodily harm, or repeated assaults and cruel beatings during one year preceding the date of the filing of the petition.

Wife v. Husband.—Adultery and desertion for two years; desertion, or habitual drunkenness, with neglect to support and cruelty, for three years; refusal to obey an order for restitution of conjugal rights; imprisonment for three years and upwards; imprisonment under sentences aggregating three years, within a quinquennial period; attempt to murder, or to inflict grievous bodily harm, or repeated assaults and cruel beatings within one year of petition. In order to obtain relief on any of these grounds, the petitioner must have been domiciled in the State for three years and upwards at the time of instituting the suit.

Nullity of Marriage.—Petitions may be granted in cases of marriages which are void by the law of the land; where some statutory requirements have not been observed; or in which one of the parties is incapable to perform the duties of marriage, or has been joined in the marriage ceremony through coercion, or threats; also on the ground of mental incapacity.

Judicial Separation.—In addition to the principal causes for which a divorce may be obtained, judicial separation may be granted for desertion without cause for not less than two years.

Restitution of Conjugal Rights.—Before a suit may be brought there must have been a request of a conciliatory character to the other party to return to cohabitation.

* Estate released following year. † Includes one estate from previous year.

(*a*) *Sequestration Orders Annulled.*—The Court may annul sequestration orders in cases where it is of opinion that a sequestration order ought not to have been made, or where it is shown that the debts of the bankrupt have been paid in full.

(*b*) *Release of Estate.*—A bankrupt may have his estate released from sequestration after the acceptance and approval of a composition or scheme of arrangement, or if all the creditors are paid in full, or have given him a legal quittance of the debts due.

(*c*) *Certificates of Discharge.*—Three months from the date of sequestration a bankrupt may give notice by advertisement of his intention to apply for a Certificate of Discharge. The application may be heard within thirty days of the date of the first publication of the advertisement. The Court receives a report from the Official Assignee, and may grant or refuse an absolute order of discharge. A bankrupt is not deemed to be discharged until he pays all fees due by him and a certificate has been issued.

(*d*) *Composition and Arrangement.*—The creditors may accept, and the Court approve, a proposal for a composition, or for a scheme of arrangement, provided that it has been confirmed by a majority representing three-fourths in value of all proved creditors.

Suspension or Refusal of Certificates.—The Court may grant or refuse an absolute order of discharge, or suspend the operation of the order for a specified time, or grant an order of discharge or suspend the operation of such order subject to any conditions with respect to future earnings or income. In certain cases the Court must refuse, suspend, or grant the order subject to conditions. As one of the conditions of granting an order of discharge, the Court may require the bankrupt to consent to judgment being entered against him.

* Paid by Duty Stamps from the year 1907.

The Assets and Liabilities are "according to Bankrupts' Statements of Affairs." The assets vary in many instances considerably from the statements showing amounts realised; the original figures as to liabilities, however, represent fairly the actual indebtedness.

Petitions withdrawn and refused.—Petitions withdrawn apply wholly to Creditors' petitions withdrawn in consequence of terms of settlement approved by the Court, and the petitions refused represent those cases in which the Court is not satisfied that acts of Bankruptcy alleged have been committed, nor with the proof of the petitioning creditor's debt.

Official Assignees.—There are two Official Assignees appointed by the Executive Council, with the approval of the Judge, and when, in the opinion of the Judge, an addition to their number is required, others may be appointed. In each estate the Official Assignee receive 2½ per cent. commission on the amount realised, and 2½ per cent. on the amount of dividends declared. The Court may also grant specia remuneration. Under the 98th section of the Act, each Official Assignee is obliged to furnish the Registrar with quarterly statements showing the transactions in each estate.

* *Bankruptcy Estates Account.*—Each Official Assignee pays all moneys received by him to the Registrar in Bankruptcy, who places the amount to the credit of the "Bankruptcy Estates Account." In special circumstances the Official Assignee may be allowed to open an account with a bank. When the Official Assignee's account and plan of distribution in an estate have been confirmed, the Registrar draws a cheque on the Bankruptcy Estates Account in favour of the Official Assignee, to cover dividends and unpaid charges included in the account and plan. In cases of urgency the Registrar may pay out moneys to the Official Assignee, pending the confirmation of an account and plan.

* In these cases the Court could not deal with the Certificates, because no serious damage had been caused to a ship, or there was no loss of life in connection with the casualty. † The Court has no jurisdiction over Pilot's Certificates.

Courts of Marine Inquiry.—These Courts hear and determine inquiries as to wrecks and other shipping casualties, or as to charges of incompetency or misconduct on the part of masters, mates, or engineers of ships. Appeals and references under the Navigation Act are also heard and determined. One or more District Court Judges constitute a Court of Marine Inquiry and the Court is assisted by the assessors appointed under the said Act, but such assessors have power only to advise and not to adjudicate on any matter before the Court.

NOTE.—The Industrial Arbitration Act, 1901, provided for the registration and incorporation of Industrial Unions, and the making and enforcing of industrial agreements, the constitution of a Court of Arbitration for the hearing and determination of industrial disputes, and matters referred to it. The Court was composed of a Judge of the Supreme Court, with one representative each of employers and employees; but under the Industrial Arbitration (Temporary Court) Act, 1905, a Judge of the District Court was made President of the Court.

The Industrial Disputes Act of 1908 preserves the results of the working of the Court of Arbitration. The conditions of trade may be settled voluntarily by an industrial agreement, or compulsorily through the medium of the Industrial or Wages Boards, and the Industrial Court. For information regarding Awards of Industrial Boards during the period 1908-9, see Part "Manufactories and Works."

The Industrial Court was opened on the 1st July, 1908, and by Industrial Boards specially constituted for each industry disputes will be decided, and the function of the Boards entirely supersede the Court of Arbitration. The findings of the Boards have the force of law, but appeal may be made to the Industrial Court.

Garnishee Cases.—Upon the *ex parte* application of any creditor who has obtained a judgment, the Court may order that all debts due by a third person (the garnishee) to the defendant, except in the cases of wages or salary at £2 per week or under, shall be attached to meet the judgment debt; and, by a subsequent order, may direct the garnishee to pay as much of the amount owing by him as will be sufficient to satisfy the judgment debt. In cases where wages or salary exceed £2 per week, an order may be made only for the amount of wages or salary in excess of that amount.

New Trial Applications.—When judgment has been given against the defendant in his absence, the Court may set it aside and grant a new trial.

Interpleader Cases.—When a claim is made to goods held under a writ of execution by a person not party to the suit, the Court may decide the claim, upon application by the bailiff.

Examination of Judgment Debtors.—On the application of a judgment creditor, the Court may order the judgment debtor to be orally examined as to any debts due to him.

Criminal and Quasi-Criminal Appeals.—Appeal from Courts of Petty Sessions to Quarter Sessions is a remedy for bringing the Orders and Convictions of Justices under review at Quarter Sessions. The Court decides questions of fact as well as of law. The right of appeal exists in all cases of convictions or orders by Magistrates excepting orders made under the Seamen's Act, and in cases of adjudication to imprisonment for failure to comply with an order for payment of money, and for finding sureties, &c.

Special Cases from Courts of Petty Sessions must be brought, in the first instance, before the Judge sitting in Public Chambers who is vested with the authority and jurisdiction of the Supreme Court and who may refer such cases to the Full Court. Land Appeal Cases and cases under Local Government Act, 1906, are set down for argument before the Full Court only. Special Cases from Warden's Courts are brought, in the first instance, before the Judge sitting in Public Chambers, unless both parties consent to place their case before the Full Court. The Judge may refer any such case to the Full Court.

* From 5th October, 1905. † Includes 79 ages not stated.

Street-trading Licenses.—The "Neglected Children and Juvenile Offenders Act, 1905," which came into force during October, 1905, provided for the licensing of children engaged in street-trading. Badges are worn during the time of such trading. Only boys between 10 and 16 years may be licensed, whilst the hours of trading are restricted for boys under 14 years from 7 a.m. to 7 p.m., and boys over 14 years from 6 a.m. to 10 p.m. Girls under 16 years of age are prohibited from trading. Boys of school age may not trade within school hours. Playing, singing, or performing for profit are permitted only in the case of boys, and these must be over 14 years of age.

Theatre Licenses.—The Children's Protection Act, 1902, prevents children from taking part in public exhibitions or performances whereby the lives or limbs of such children are endangered. Where, however, it is shown that proper provision has been made for the health and kind treatment of children to be employed at premises licensed for public entertainments, children over 7 years of age may be granted licenses under restrictions and conditions. These licenses may be rescinded at any time.

Amount of Consideration.—In many instances the amounts lent upon mortgage by banks are not stated but simply the words "valuable consideration" or "cash credit" inserted in the deeds. As this occurs frequently, when the properties mortgaged are evidently of great value, the absence of the amounts must materially affect the returns, and, as a consequence, the amounts under the head of "mortgages" are incomplete. It follows, therefore, that the "Amount of Consideration" stated applies only to cases in which the specific amounts are stated in the deeds, whether the amounts be the sums actually advanced or not.

The Discharges do not include foreclosures which, if not formally registered as discharges, are nevertheless mortgages cancelled. The returns of discharges are, therefore, incomplete, and the discrepancy between the number of mortgages contracted and discharged is largely due to this cause.

Assurance Fund.—To provide compensation to persons who, through error, may have been deprived of their properties, an Assurance Fund has been created by a contribution of one half-penny in the pound levied on the declared capital value of property brought under the Real Property Act. On 10th September, 1906, the amount at credit of the Assurance Fund under the Real Property Act, viz., £255,058 14s. 1d., was transferred to the Closer Settlement Fund established by the Public Works and Closer Settlement Funds Act of 1906.

Amount Lent	£	159,620	172,368	142,567	96,363	111,320	134,500

Sums secured by Lien on Wool and by Mortgage of Sheep.—When any sum has been secured, both by a lien on the wool and by a mortgage of the sheep, the amount is included under the head of mortgages only—thus in 1909, the gross amount lent on liens was £947,858; but from this has to be deducted the sum of £169,743 secured both by lien on the wool and mortgage on the sheep, so that the net amount lent on lien was £778,115.

Mortgages on Wool and Crops discharged.—Liens on wool and on growing crops mature at the end of each season, and terminate without formal discharge. During 1909 there were 42 discharges of wool liens registered, representing £28,728.

* It is not compulsory to register discharges; consequently no records exist of Bills of Sale terminated voluntarily, or by seizure with Judge's order to discharge. The large discrepancy between the number "Filed" and "Satisfied" is thus explained.

No. 88.—Patents, Copyrights, Trade Marks, and Designs.

Patents.—The administration of the Patents Act of New South Wales was transferred to the Commonwealth of Australia on the 1st June, 1904. The (Commonwealth) "Patents Act, 1903," and the "Patents Act, 1906," are administered by a Commissioner of Patents. A Patent granted under the Commonwealth Act is afforded protection in all the States of the Commonwealth. The period for which a Patent remains in force is limited to fourteen years.

Copyright.—The position of Registrar of Copyright is held by the Commissioner of Patents. Under the Copyright (Commonwealth) Act, 1905, the Copyright Act of New South Wales ceased to be administered by the State, and all matters relating to Copyright are now administered by the Commonwealth. The copyright in a book, the performing right in a dramatic or musical work, and the lecturing right in a lecture continue for the term of the author's life and seven years, or for forty-two years, whichever shall last longer.

Trade Marks.—The New South Wales State Trade Marks Office ceased to receive applications as from the 2nd July, 1906, when the Trade Marks (Commonwealth) Act, 1905, commenced and the administration of the Trade Marks Act of New South Wales was transferred to the Commonwealth. The Commissioner of Patents acts also as Registrar of Trade Marks.

Designs.—The "Designs Act, 1906," commenced from the 1st January, 1907. This Act defines the registration and duration of copyright in designs. The position of Registrar of Designs is held by the Commissioner of Patents.

The Inebriates Act.—The Inebriates Act, 1900, provides for the special control, and treatment of inebriates. When an inebriate has thrice within the preceding twelve months been convicted for an offence in which drunkenness is involved, a Court of Petty Sessions may order that he be placed for a period of six to twelve months in an institution established by the Government for the treatment of inebriates. On the order of a judge, such period may be extended for further periods not exceeding twelve months each. Inmates are employed in remunerative and useful occupations. On the 9th September, 1909, the Inebriates (Amendment) Act, 1909, came into force.

NOTE.—The Prisoners Detention Act commenced on 1st January, 1909. A convicted prisoner certified by the surgeon to be suffering from a venereal disease may be ordered to be detained in a Lock Hospital. The period of detention runs concurrently with, but may exceed, the term of imprisonment to which the prisoner has been sentenced. During 1909 there were Lock Hospitals at twelve gaols.

Punishments inflicted on Prisoners for breaches of discipline.—During 1909, only 1·3 per cent. of the prisoners received punishment, and the offences were generally of a trivial character. There have been no floggings, ironings, or other severe forms of punishment, and the dark cells were abolished some years ago.

Gaol Libraries.—The Gaol Libraries contain 25,170 carefully-selected volumes for recreation and instruction of prisoners after working hours.

First Offenders.—Under the provisions of the Crimes Act of 1900, any person convicted of an indictable offence for the first time, may be set at liberty on certain conditions. Although the sentence is passed in the usual form, the Court may suspend the execution of the sentence, upon the offender entering into a recognizance, with or without sureties, for good behaviour, during a period of not less than twelve months.

Children Released after Conviction.—The Neglected Children and Juvenile Offenders Act, 1905, provides that where a child is summarily convicted of an offence entailing imprisonment, the Court may release the child on probation upon such conditions as may seem befitting.

PART IX.

LOCAL GOVERNMENT.

EXPLANATION.

THE tables in this volume were compiled from returns supplied by the various local governing bodies.

The financial tables were summarised from statements prepared by the Councils according to the forms prescribed by the Regulations under the Local Government Act, 1906. These regulations provide that the accounts must be Income and Expenditure Accounts, kept by double entry, and that each "Fund" must have a separate banking account. Thus there is shown for each General, Special, Local, or Loan Fund, and for each Trading Fund, of each area concerned, a "Revenue Account" (or Profit and Loss Account) giving the total expenditure chargeable for the period (whether paid or unpaid) and the total income for the same period (whether received or outstanding). A balance-sheet is also shown for each Fund with appropriate liabilities and assets. Only "realisable" assets are allowed to be included; so that the whole of the roads, bridges, drains, and other constructive works, which are often taken to account as assets elsewhere, are here excluded.

General Fund.—The Local Government Act prescribes that there must be a general fund in each local governing area (municipality or shire), to which must be paid the proceeds of all general and additional general rates, and moneys received by way of grant, endowment, &c., from the Government, and other income not required by law to be carried to other funds. The expenditure from the fund must be on administration, health, roads, and other public services, with the exception that unless exemption has been granted by the Governor, the cost of nightsoil and garbage removal must not be paid out of the General Fund, but out of a Special Fund, and the cost of lighting streets and roads must also be defrayed from a Special Fund. When, however, the municipality is wholly within twenty miles of the Sydney Post Office, or when the whole area of the municipality is benefited by the expenditure on street lighting, the Council may, in its discretion, pay such cost out of the General Fund.

Special Fund.—A Special Fund must be kept for each special rate levied, and for each work or service carried on by the Council in respect of which the special rate has been made, and the fund must be applied only for the purposes of such work or service. A special rate is levied only for a special object, and applies to the whole area.

Local Fund.—A Local Fund must be kept for each local rate levied, with similar restrictions to those in the case of special funds. A local rate is levied for a local purpose, and applies only to that portion of the area which is benefited, and the expenditure of the local fund is restricted to work within, or for the sole benefit of, that portion of the area.

Loan Fund.—A separate loan fund must be kept in respect of each work or service on which a loan is owing. Except where a loan fund has its own revenue as from rates, the obligations attendant thereon, such as provision for the repayment of principal and interest, may be met by transfers from the General Fund or other appropriate fund. The object of the loan, as a rule, determines the source from which the Loan Fund obtains its necessary revenue. When the loans have been raised for general purposes, transfers are made from the General Fund, and the profits of trading concerns provide for the disbursements of their corresponding loan funds. This refers more particularly to those Loan Funds which must be kept in respect of loans which were raised before the new Act came into operation.

The revenue of special and local funds may be used in a similar manner; for example—a Street Lighting Special Fund must provide the money to meet, not only the ordinary cost of maintaining the street lighting for the year, but also the obligations of the Street Lighting Loan Fund; and similarly with Sewerage Local Fund and Sewerage Loan Fund; Water Supply Special Fund, and Water Supply Loan Fund, and so on.

The financial transactions of the City of Sydney are shown separately from the other municipalities of the State, as the City Council conducts its affairs under the Sydney Corporation Act, and not under the Local Government Act, which is of later date. The accounts of the City, Cattle Saleyards, and Public Markets Funds are shown on the "Cash" basis of receipts (cash actually received), and disbursements (cash actually spent). The Electricity Trading Fund is, however, kept by double-entry, and the form of accounts is similar to those prescribed by the Local Government regulations.

Further, the financial tables herein are exclusive of the accounts mentioned of the following municipalities, the Councils of which neglected to furnish the prescribed statements up to the time of going to press, viz.:—Balranald, General and Water Supply Funds; Broken Hill, General Fund and Electricity Works Undertaking; and Junee, Water Supply Fund. The figures in respect of Hurstville relate to 1908, as later information has not been supplied.

*The figures in respect of Expenditure and Income of the City of Sydney are included merely for the purpose of completing the table, as the City Accounts, with the exception of the Electricity Works Fund, are kept on a cash basis. Expenditure includes "Disbursements" of the City Fund and other funds, both on account of "Capital" and of "Revenue," together with the "Expenditure" of the Electricity Works Fund, and "Income" is the "Receipts" of the City Fund and other funds added to the "Income" of the Electricity Works Fund. † Number of Assessments. ‡ These figures relate to the year 1908, as Hurstville Council neglected to furnish the prescribed accounts for 1909. § Particulars for Balranald and Broken Hill are not available, as the Councils of those Municipalities neglected to furnish the prescribed returns.

NOTE.—The "Expenditure" and "Income" in the above table include transfers amounting to £147,936, and each is inflated to that extent.

No. 2.—Municipalities—Valuations and Rates struck for year ended 31st December, 1909.

NOTE.—In this table the *Unimproved Capital Value* of Land is the amount which the fee-simple estate in such land is worth, under such reasonable conditions as a *bonâ-fide* seller would require, assuming the actual improvements had not been made.

The *Improved Capital Value* is the amount which the fee-simple estate of the land is worth with all improvements and buildings thereon.

The *Assessed Annual Value* is nine-tenths of the fair average rental of land with improvements thereon.

Municipal Elections.—Under the Local Government Act of 1906, elections in all municipalities, except the City of Sydney, are to be held triennially. The first election under the Act was on the 1st February, 1908.

In the City of Sydney elections are held triennially, on the 1st December. The last election was on 1st December, 1909.

The "Ratepayers'" Roll contains the names of owners of ratable property, of managers, &c., of public companies which own ratable property, and of lessees of ratable Crown Land. Only ratepayers have the privilege of voting at "polls" which may be held under the Act.

The "Electors'" Roll contains the names of owners of ratable property, and of occupiers who have had a minimum of three months' occupation of ratable property.

NOTE.—These works were constructed under the Country Towns Water and Sewerage Act. The Municipal Council of Richmond administered the service till the 26th May, 1893, when it was temporarily transferred, pending legal powers, to the Metropolitan Board of Water Supply and Sewerage. The Board is much restricted in its management, as only premises owned by persons who have signed agreements to take the water can be rated. The accounts are kept separate from those of the Metropolitan Water Scheme. The rate is 1s. in the £.

* This part of County is in the Western Land Division.

NOTE.—The females engaged in agriculture according to the foregoing table number 4,770, and in dairying 17,803. The great majority of these (probably 3,000 in agriculture and 11,000 in dairying) were only partly employed, the rest of their time being devoted to domestic duties. The census of 1901 shows 1,735 women engaged in agriculture and 2,285 in dairying.

* This column indicates the holdings (for whatever purpose used) on which there was cultivation, however slight, and the figures therein are included in one or other of the preceding columns. † The figures for 19 0 were compiled on a slightly different basis to that followed in previous years. The information now obtained is more extensive, and the figures for 1910 represent the actual growers of fruit, even if there be only a few trees on the holding.

* Of the 164,453,740 gallons of milk used for making butter, 2,302,239 gallons, or 1·4 per cent., were treated at public separating stations or butter factories. The balance treated on farms was 162,151,501 gallons, and of this quantity 5,962,492 gallons were separated by steam-power. The hand-separated milk was 156,189,009 gallons, representing 91·97 per cent. of the total amount used for making butter, † See note to Table No. 28.

Time Ball.—The Time Ball at the Sydney Observatory is dropped every day at 1 p.m. Standard Time. The Time Ball at Newcastle is controlled by signals from the Sydney Observatory.

Standard Time.—The mean time of the 150th meridian of longitude east of Greenwich, England, is the Standard Time throughout New South Wales, with the exception of the area within the Municipal District of Broken Hill and the Electorate of Sturt, for which the mean time of the 135th meridian of east longitude is adopted.

Position of Sydney Observatory.—Latitude, 33° 51′ 41·1″ south; longitude, 151° 12′ 23·10″ east; altitude, 144 feet.

Thermometers.—The thermometers are exposed in a shed 11 feet square, of which the sides are 5 feet 6 inches high, and enclosed to within about 30 inches of the ground with open lattice-work. The roof is conical, rises to 13 feet above the ground, and is covered with louvres close enough to keep out rain.

Rain-gauge.—The rain-gauges are circular, 8 inches in diameter, and with rim 15 inches above ground. Two similar gauges, placed on the ground 6 feet apart, are used; the larger record is taken. The pluviometer results are from a gauge of the same diameter as the rain-gauge, 7 ft. 8 in. above ground, and recording on the same paper as the anemometer.

NOTE.—The total length of State-constructed barrier fencing is 1,332 miles, erected at a cost of £69,888. It is estimated that about 76,605 miles have been erected in addition by private enterprise, at an estimated cost of £4,343,377, and 90 miles 69 chains by four Pastures Boards at a cost of £2,860.

* Although the Rabbit Act of 1901 was repealed on 24th December, 1902, by the Pastures Protection Act, 1902, it continued in force until the te of the first election of Pastures Protection Boards in 1903. The expenditure since 1903 has consisted mainly of payments to the Railway ommissioners for the maintenance of rabbit-proof barrier fences.

Private Bores.—These bores are situated on private holdings, and have been made at the sole cost of the owners. Information concerning the daily flow is not available, as in many cases it has not been gauged at all, and in the others the measurements are not regarded as reliable.

Water Rights Act and Irrigation Trusts.—The Water Rights Act of 1902 vests in the Crown the right to the use, flow, and control of the water in all rivers and lakes which flow through or past, or are situate within, the land of two or more occupiers. The Act abolishes "riparian rights," and establishes a system of licenses for works of water conservation, irrigation, and drainage. Prior to the passing of the Act such works on creeks and rivers, constructed by private individuals, were liable to destruction by any person who considered their existence opposed to his interests. It is now illegal to interfere with any work for which a license has been granted. The security provided under the Act is stimulating the construction of irrigation works of a better class throughout the State, and up to the end of June, 1910, 2,131 applications for licenses were received. Irrigation Settlements have been founded at Wentworth and Hay. At the former place the area embraces 10,600 acres, of which 1,242 acres 3 roods 29 perches are subdivided into 96 blocks. Area leased, 885 acres 0 roods 35 perches; area cultivated, 705 acres 3 roods 38 perches. The pumping machinery consists of 2 suction gas plants of 121 brake horse power, working two centrifugal pumps, with an average capacity of 5,000 gallons per minute. Length of main channels, 4 miles 26 chains, and of subsidiary channels, 2 miles 24 chains; total, 6 miles 50 chains. The land is leased for a term of 30 years, the rents varying from 2s. 6d. to 10s. per acre; the rate for water is 20s. per acre. The Hay Irrigation Area consists of about 4,000 acres, and is controlled by a Trust appointed in 1897. The area held and used for irrigation purposes is 800 acres and is held by 89 holders, who lease the land for 99 years at rentals varying from 6s. to 10s. per acre, and a water rate of 20s. per acre. The pumping is by steam, and the total length of channels is about 11⅓ miles.

Water and Drainage Act.—The Water and Drainage Act provides for the supply of water either for irrigation or stock purposes and for the drainage of swamp lands, the liabilities on which are repaid to the Crown with interest spread over a period of years, and the works are administered by Trustees appointed from among the beneficiaries under the Act. For the supply of water for stock and irrigation purposes trusts have been constituted in connection with (1) 46 artesian wells, (2) 3 schemes for the improvement of natural off-takes of effluent channels for the purpose of diverting supplies from the main rivers, and (3) in 2 instances for the construction of dams across stream channels. The total area included within these trusts amounts to 3,500,000 acres. In addition, 18 trusts have been formed for the purpose of draining swampy lands and rendering them fit for pastoral and agricultural purposes, and the area dealt with up to the present amounts to 81,533 acres.

Artesian Wells Act.—13 bores have been sunk, watering an area of 381,230 acres.

Public Watering Places.—At the close of 1909 there were 591 Public Watering Places, consisting of 428 tanks and dams, 94 wells, and 69 bores.

No. 109.—Prospecting Votes—Comparative Table.

Prospecting Vote.—The sum of £7,000 was voted for prospecting for gold in 1878, and in subsequent years, at irregular intervals, further small sums were voted and expended. In accordance with a resolution of Parliament, an amount has been voted each year since 1887, during which year it was confined to searching for gold. In the succeeding year the conditions were amended so as to embrace all minerals.

* Not dutiable. † Includes estates not exceeding £1,000, which are exempt from duty.

Stamp Duties Act.—The principal Act (44 Vic. No. 3) was passed in 1880, and provided for the imposition of duties from the 1st July of that year. Under the Amending Act, 50 Vic. No. 10, which came into operation on the 31st August, 1886, a graduated scale of duties ranging from 1 to 5 per cent. was adopted; and under the provisions of Act 56 Vic. No. 30, passed in 1893, estates of deceased persons of less than £200 gross value were exempted from duty. In December, 1899, another Amending Act was passed, imposing a new scale of duties, ranging from 2 to 10 per cent., and in 1904 a further Amending Act, which reduced the exemption, allowing half rates, to £30,000. Estates under the net value of £1,000 are exempt from taxation under the provisions of the new Act, and, if the value does not exceed £300, probate or letters of administration may be granted by the Registrar without the intervention of a Solicitor, under the "Wills, Probate, and Administration Act of 1898." For further information see part "Social Condition."

¶ Includes £375,000 Railway Debentures repaid from Railway Loan Redemption Fund (53 Vic. No. 24), and £150,000 Treasury Bills cance

** Includes £305,000 Advances to Settlers Stock cancelled in terms of section 18 of Government Savings Bank Act, 1906.

†† Includes Treasury Bills to the amount of £336,890 to cover deficiencies in Revenue.

NOTE.—The difference between the amounts outstanding at the close of each year does not, as a rule, represent the actual increase or decrease n the debt. Repayments of loans are generally effected under the head of renewals, and in following out this practice, it is usually found necessary to float the redeeming loan some time before the due date of the maturing loan; hence the liability appears twice in the Debt Statement till the bonds or stocks are retired

London Agents.—Operations connected with the issue and inscription of Stock are conducted by the Bank of England and the London and Westminster Bank. The former charges ½ per cent. per £100 Stock on all loan issues, and £350 per million annually for the inscription and management of Stock, including the payment of the half-yearly dividends, while the latter charges ½ per cent. and £150 per million respectively for similar services.

Local Agents.—The Bank of New South Wales and the Commercial Banking Company of Sydney, Limited, transact all Government banking business. The former acts as Financial Agent for the State in Victoria; also undertakes the payment of the half-yearly dividends on Local Debentures and Funded Stock. The Treasury, however, in local loan issues, directly conducts the operations connected with the issue of New South Wales Funded Stock and Treasury Bills.

NOTE.—Until the close of 1870, the proceeds of loans negotiated in the State were placed to the credit of the Consolidated Revenue Fund. From the beginning of 1871, a new system was adopted, and a separate fund established for each loan floated on and after that date. The first loan treated under the new conditions was that for £374,900, floated in 1871, since redeemed; and no alteration took place till 1879, when all the separate funds were amalgamated under the authority of the "Loan Fund Amalgamation Act," and the subsequent flotations have been carried to the "General Loan Account."

NOTE.—The State Debt and Sinking Fund Act (No. 19 of 1904) came into force on the 1st July, 1905, and provides for the appointment of four Commissioners, viz., the State Treasurer, the Chief Justice, the Speaker of the Legislative Assembly, and the Under Secretary to the Treasury. The Commissioners are empowered to purchase original stock; to enter the open market as an ordinary buyer, either in Sydney or London; and to act as an auxiliary to the Treasury in paying off matured securities. All descriptions of Government securities may be dealt with, as operations are not confined to any one class of stock or bills.

Surrenders, Exchanges, and Road Resumptions.—Surrenders and exchanges are effected under the 46th section of the 1889 Act and the 47th section of the 1895 Act, and Road Resumptions are treated under section 42 of the 1889 Act. As land is exchanged for land without any monetary consideration, the extent of the area of Crown Lands is not thereby affected.

Resumptions and Purchases.—The total alienations represent the gross area, no allowance being made for the gifts of land and the resumptions and direct purchases made from private owners on behalf of the various departments, for particulars of which see Table No. 39.

* The figures quoted represent the area on which the balance of purchase-money was paid during the year, and consequently average price per acre cannot be given.

† Area not available; frontage to streets was 3,424 feet, and sold at £4 7s. 8d. per foot.

* This total of 120,781,512 acres is that obtained from the returns of occupiers of land. According to the Lands Department, the total area of Crown Lands leased (excluding mining leases and permissive occupancies) on 30th June, 1910, was 126,235,670 acres. A considerable allowance must be made on account of areas abandoned or for which no returns could be obtained. † Area in respect of which leases under the Western Lands Act of 1901 have not issued.

‡ This part of county is in the Western Land Division.

NOTE.—Large holdings extending into more than one county are returned in the county where the homestead is situated.

* This form of lease is not granted in the Western Land Division under the existing Act, and of those taken up under the Act of 1884 the area remaining unenclosed, if any, is very small, and the figures have not been obtained. The whole area is returned as enclosed. † This part of county is in the Western Land Division.

NOTE.—Large holdings extending into more than one county are returned in the county where the homestead is situated.
